**JOSIAH TURNER, Jr., EDITOR.**

### *THE SEA ILLUMINATED.*

A correspondent of the *Cologne Gazette*, writing from the Gulf of Siam, gives the following account of a remarkable illumination of the sea, of which he was a witness: The air was quite still; as the wind had two hours before veered round from the south to northeast, in consequence of a storm which passed by on the horizon. It still lightened very vividly on the western horizon; the heaven was covered with light clouds, through which the moon shone with some brilliancy. We made the sail fast as the engine was to be set in motion immediately. I then noticed large bright flashes in the water, which I at first took to be the reflection of the moon. These appeared to be about a fathom in diameter, of uncertain shape, like an object seen in a great depth of water. The surface of the sea was gently heaving up and down, while the white patches swam not far from the ship, without perceptibly brightening that part of the marine mirror which lay in the light of the moon. We then steamed forward at the rate of six or seven knots an hour, and a wonderful spectacle now presented itself. Athwart the vessel long white waves of light were seen rushing towards it, ever brighter, and in swifter motion, till they seemed to flow together, and at length nothing could be seen on the water but a whirling white light. Looking steadfastly at it, the water, the air, and the horizon seemed blended in one; thick streamers of mist seemed to float by both sides of the ship with frantic speed. The appearance of color resembled those which arise when one turns a black and white striped ball so quickly that the white stripes seem to run together. The spectacle lasted about five minutes, and was repeated once again for two minutes. No doubt it was caused by shoals of minute animalcules in the water, and these waves originated in the white flakes first described. The usual luminous appearance of the sea which shows itself when the water ripples in the wake of a ship, or the waves break against the rudder, is not to be compared with this. The light is then brilliant, light green, or blue, like phosphorus, often most beautiful in deep clear water, mixed with reddish white foam; we saw a very pretty specimen of this sort one night in perfectly smooth water in a little lonely bay. It was pitch dark, and quite still, when there fell a heavy shower of rain, consisting of large drops not falling very close together. Every drop that fell into the water lighted up, flaming drops sprang into the air, and a small luminous circle was formed where the rain drop met the sea. The whole bay seemed covered with fiery stars, but a rising current of air soon destroyed the picture.

### *A PRACTICAL VIEW OF THE WAR.*

[From the Journal des Débats, July 15.]

Let us not speak lightly of war, and especially of modern war. Tried soldiers look grave when they speak of this shock of dense masses to be led in a few days to a field of carnage, there to make trial of the engines of destruction with which the two belligerent powers are amply provided. The dead will be reckoned by hundreds of thousands, and the next day there will be mourning in a million of families. The antique courage of those cavaliers, mailed in iron, whose lightest exploits were pompously celebrated, seems to pale before the resignation of the modern soldier, exposed uncovered to the fire of chassepot and mitrailleuse.

There is talk of experiments made within these few days, in the environs of Paris, with canon of a new model, breech-loading and firing forty balls at each discharge. It is the pistol revolver system applied to artillery, with this great difference, that the projectiles do not follow the one line of fire but from a semi-circle. These guns are divided in four sections, each portable by one man. They are put together and screwed up tight in three or four minutes. The Prussians also have, it seems, their revolving gun and their field mitrailleuse. We read that these weapons have been tested and constructed with the greatest secrecy. The place of manufacture was surrounded by a cordon of troops, under the most precise orders to repel all curious inquiry.

A GOOD PLATFORM.—The Executive Committee of the Democratic party of Louisiana have issued an address, setting forth the grounds of their opposition to Radicalism in the approaching election. They are applicable to all the reconstructed States, and are thus sketched in brief by an exchange:

They declare the pernicious consequences of the acts of the Radical party throughout the State have been severely felt by all classes, white and colored, native and foreign born, and that all have been plundered, deceived, oppressed, and restricted in the enjoyment of rights guaranteed by every law, human and divine. At the same time the platform of the Democratic party is announced to be retrenchment and reform; to rid the State of its enormous debt; reduce taxation; have the levees rebuilt; restore confidence and promote harmony between capital and labor; between the colored man and the planter; between the latter and the merchant; to induce immigration, and to develop the vast agricultural wealth of the State. For the accomplishment of these objects, the Democratic party asks the cooperation of all the honest men of the State. And they will receive it, and thus secure a substantial victory at the polls.

A POND OF DEATH.—It is said the waters of Flax Pond, in Lynn, appear to be so thoroughly impregnated with some poisonous matter as to destroy nearly if not quite all living things in them. Along the beach on Maple street, a few days ago, the dead fresh water clams (divested of their shells by the process of decomposition) had been washed up in such numbers that bushels of them might have been gathered. Large numbers of dead fish and eels were also to be seen along the borders of the pond, and several boys, who have bathed there within a week have been affected with violent eruptions of the skin and swellings of the feet and limbs. It is thought by some of the residents in that section that the contamination is attributable to the refuse from the woolpulling establishment, located at the northern end of the pond.—*Herald.*

To obtain a good night's sleep, sponge the entire length of the spine in hot water for ten or fifteen minutes. This will reduce the circulation, quiet the nervous system, and induce sleep better than any drug.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR

WEDNESDAY, AUGUST 10, 1870.

### MATTERS AT YANCEYVILLE.

We are not advised fully of the state of things at Yanceyville. The secrets of Kirk's camp are pretty well concealed.—Whether he has carried on with the prisoners, hanging, putting pistols to their heads and other threats and menaces to force from them testimony to involve themselves and others, as is charged upon his Lt. Col. Bergen, at Graham, we have not heard; on the contrary it is now intimated, that Kirk has acted with more lenience, especially since Bergen's conduct has been exposed.

We learn from a correspondent, that the prisoners at Yanceyville by some means had been advised of the purpose of their counsel to appeal to Judge Brooks and that he would issue the writs and enforce them. On the arrival of Maj. Foote, the Deputy Marshal at Yanceyville, the prisoners shouted for joy at the intelligence, and Kirk strengthened his guard. The public room of the Hotel at Yanceyville was filled with gentlemen and ladies to hear the news.

When the indomitable and unterrified TURNER was informed of the rumors of the overwhelming defeat of the Radicals in the State, we are told he said in the presence of Kirk, "*They may keep me here six years to make that true.*" Thank God it is true, and his noble defense of right, and justice and law in North Carolina, is felt, acknowledged and honored by our people. The integrity of his purposes and aims, the honesty with which he has fearlessly labored to redeem North Carolina from misrule and robbery, will be vindicated, and his name will go down to posterity honored and revered, when the names of Holden, Pool and their co-adjutors will be held up to scorn and contempt.

P. S. Since writing the above we have received the following telegram with instructions to publish:

YANCEYVILLE, Aug. 10.

GOV. GRAHAM, HILLSBORO:—I forbid most positively any writ of *habeas corpus* issued for me. I defy Holden, Kirk's chains and Court Martial.

JOSIAH TURNER, JR.

The telegram however, comes too late, as the writ for MR. TURNER has already been issued.

### SALARIES AND FEES.

The poverty and hard pressed condition of our people is acknowledged by every one. Never was there such a general complaint of hard times and never was there such good ground for it. The Radical party not only provided for the issue of State bonds in one year to the amount of $26,000,000, but also at the same time managed to steal about $25,000,000 in a few months after they were issued. They have fastened upon the people three times as many paid officers as we ever had before, and also pay them about three times as much for the same work as formerly.

The Democratic Conservative party is pledged to the people to curtail the expenses of the State government, and of the County and municipal governments. The number of offices cannot be reduced until the Constitution is changed in this respect. This cannot be done at once, but North Carolina must go back to her old Court and County systems, which were much simpler, much cheaper and can be made much more efficient than our present expensive Court, County and Township systems.

To get out of debt and to live free from debt, every man must go to work, must live within his means, and in order to live, the burdens of government must be reduced to a proper standard. No farmer, mechanic or merchant unless he has large means, can now pay the expenses of government, and make more than from $500 to $1000 a year to support his family. And yet there are clerks and sheriffs in this State, making every year out of the pockets of our poor people from $10,000 to $15,000 annually.—Other officers are making largely over a living.

The Legislature cannot reduce the number of officers in the State to any great extent, but it can reduce the salaries and fees of the officials in the State, and this it must do at the earliest moment. The people demand honesty and capacity in our public officers and a reduction of their salaries and fees to a proper standard. Reform, reform, we say is demanded, and the people will have it. Some few officers, perhaps, are not paid too much, but the most are.

### SUE OUT THE INJUNCTION.

The tax payers of the State, but especially the leading tax payers of Alamance and Caswell, should sue out at once an injunction against Gov. Holden and the Public Treasurer, Mr. Jenkins, forbidding them to pay out another dollar for the expense of Holden's State troops. He has the authority of law to enrol the militia, and to call them out to suppress riots, insurrection or invasion. This he has not done. But he has organized and enlisted a volunteer force of State troops, composed of Tennesseeans, North Carolinians, whites and negroes, to oppress and intimidate the people, for which he has no law, nor right, nor reason. Such troops he cannot lawfully pay out of the State Treasury. He has already used public money for this purpose and he and the Public Treasurer should be at once enjoined.

Gen. Alfred Dockery attributes the defeat of his son Oliver to Billy W. Holden, Kirk & Co.

### STEPHEN A. DOUGLAS.

The ugly little Dutch built nincompoop, who bears the above name, said to be the son of that great man, the late Senator Douglas, a man whose memory is revered for his ability and statesmanship, has been attempting to cut quite a swell in this city for some time. If he be a citizen of the State and has a domicil in it, we do not know it, but he swaggers and struts about as if he were somebody. Gov. Holden made him a Brigadier General in his militia and it is said that he has been acting as Adjutant General in the absence of Adjutant General Fisher, while electioneering for a seat in the House of Representatives from the county of Bladen. Douglas has been active in electioneering for Radicalism since he has been in the State and the result shows with what success. It seems that every ignoramus raised North, thinks himself fully competent to enlighten the Southern people on the subject of politics. Douglas, who looks as if three grains of sense would take his head off, has been quite a stumper in the late canvass, and we are told that his speeches have been singularly inflamatory and idiotic. We have seen him on several occasions surrounded by gangs of negroes, talking politics, and owing to his near-sightedness or fondness for the African 'scent, he seemed to be about to embrace Sambo with a kiss. We have heard of his threats and abuse of the Democrats (and his father was a life long one,) and of his violent, profane and domineering conduct towards those outraged men who have been arrested by Kirk under Holden's orders. His late attempt to brow beat and intimidate Mr. Reed, was worthy of a low down *plug*. He bears a worthy name, but he has disgraced it.—Gov. Holden may have a use for such paltry specimens of human nature, but the people of North Carolina have none, and we hope his cousin Tommy Settle and friends who control him, will advise him to go to parts unknown, or that he reform his conduct at once, and no longer disgrace the honored name he bears.

COMPANY SHOPS, N. C., Aug. 8, 1870.

*Editor Sentinel*:

Allow me the privilege through your columns to return my thanks to the freemen of Alamance and Guilford, for their liberal and uniform support under existing circumstances, on Thursday last. It is true that I have been defeated through fraud, treachery and intimidation to a seat in the Senate from this district. No people ever entered a political contest under more peculiar and adverse circumstances, than that which was brought to bear against the good, the true and the virtuous people of Alamance.

Every device that unrestrained power, treachery and fraud, could resort to was called into requisition, to overawe and deter the Conservative voters from exercising the dearest right guaranteed to freemen, that of the ballot. Over three hundred Conservative voters in this county, were through fear and apprehension, kept from the ballot box, and consequently the election went by default. To the people of Alamance, who braved all and endured all to support me, and also to those who would have done so under more favorable circumstances, I return my most grateful acknowledgements—and to the people of old Guilford, memorable as they have ever been for their love of peace, law and order, I return my most profound, heartfelt sense of gratitude, not only for their liberal and flattering support, but also for their unbounded hospitality, both of which I have been a recipient, and for which I shall ever bear in my bosom one feeling, and that is *gratitude*.

The day dawn of hope as well as the hand of deliverance now stimulates the freemen of Guilford over their complete, triumphant and glorious victory, while the night shades of Radicalism settle as a lowering cloud upon the hearts of the freemen of her twin sister Alamance—not in fairness or in justice, but by the unrestrained hand of power, fraud and intimidation.

Respectfully, &c.

J. A. MOORE.

For the Sentinel.

WINDSOR, Aug. 5, 1870.

DEAR TURNER:—We are, of course, beaten in Bertie, but we have gained three hundred votes at least, on previous elections. If every county has gained at the same rate we have carried the State by a large majority.

We were a good deal injured here by the fear that the ignorant negroes would feel it their duty to pitch into the whites in aid of Holden's war. Holden's object was to inspire fear in the white ranks where the negroes are thick. Such an idea is exactly John Pool's statesmanship.

I have been waiting, expecting that my old friend, Richard Badger, would publicly denounce Holden. Holden went into Court, had his side argued by Badger, apparently was acting in good faith and would have claimed the decision if it had been in his power. (Indeed Holden told a lie and claimed it anyhow.) Yet when it went against him it was flouted in so far as it was against him. Holden says in effect, If I win I take up the stake, if I lose I snatch the stake. I wish I knew if Mr. Badger coincides in this.

I am glad that Holden has stripped the plumage from Pearson. Pearson is *very* dead. *Gulielmus efflavit et Richmondius dissipatur.* The English translation of which Latin sentence may be understood thus, Holden said *scat* and Pearson *scatted*. So good bye.

H.

THE COLORED CADET.—The investigation into the charges of ill-treatment made by the colored cadet Howard against his fellow-cadets and superior officers at West Point does not thus far substantiate the statements which he made in the complaining letter which he wrote to his father, published some time since. His statement that he was misused by his officers and that a discrimination was made against him in his mess and sleeping apartments has certainly not been substantiated. Altogether the letter seems to have been prompted by an improper motive from an outside source, for what object does not appear, though it may lead to some official action on the part of the military authorities.—

### VIRGINIA STEAMSHIP AND PACKET COMPANY.

NEW YORK, August 8th 1870.

*Editor of the Sentinel Raleigh, N. C.*

SIR: I am pleased to inform you that the success of the Virginia Steamship and Packet Company, is now an established fact, and that the first installment of the subscription is being rapidly collected by Chas. J. Wortham, Esq. Treasurer. The Stockholders in North Carolina will please respond to his call.

The Company has located its ship yard at Richmond and will commence work immediately on the Steamers for the line. The Tredegar Iron Works have contracted for the Engines and the Old Dominion Nail Works will furnish the iron plating for the keels of the Steamers and everything to be used in their construction either in the way of raw or manufactured material will be procured in Virginia and North Carolina as far as practicable.

The fact that David J. Burr is President, Chas. T. Wortham, Garrett F. Watson and Capt. S. Alexander, the Executive Committee, affords the amplest guarantee that the Steamers will be pushed to completion with all possible haste and that one will be completed as promised by next spring. In the meantime arrangements are now being made to start the Line this Fall with temporary Steamers.

Further subscriptions are respectfully solicited to build other Steamers as rapidly as possible. I am satisfied that a safer or more profitable investment cannot be found and hope that the subscribers in North Carolina will not only double their subscriptions but induce their friends to take stock also, remembering that it is a Southern enterprise and must and will succeed if true to ourselves.

Yours truely

PETER MALLETE,
Agent.

DEPARTMENT OF NORTH CAROLINA.

EXCELSIOR LIFE INSURANCE CO.,
OF
NEW YORK.

P. F. PESCUD, Raleigh,
GENERAL AGENT AND MANAGER.

DR. C. E. JOHNSON, MEDICAL EXAMINER.

CASH ASSETS - - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in *most cases, considerably lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Polices on *all* the plans of *Mutual* or *Stock* Companies, extending to policy holders, all their really desirable advantages. Its policies being *non-forfeiting*, the insured are privilged to *live and travel where they please* in any healthy part of the *world*, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the* popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred*.

Circulars giving full explanations and any other information, will be cheerfully furnished

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

THANKS.—The letters of condolence and sympathy, flowing in from all parts of the State, and from many out of it, for Mr. TURNER, and his family, from personal and political friends, and even from the ladies, affords a lively gratification to his friends who are permitted to see and read these tokens of appreciation, and will be to him one of the richest rewards that can be offered for his indefatigable labors in defence of truth and right, and of unsparing warfare on the corruptions, extravagance, and dishonesty of those who are now employing their "little brief authority" to vex and annoy him.

*TO OUR FRIENDS IN GRANVILLE.*

We want the official vote of Granville to complete our table of the Congressional vote in this District. We beg our friends in every County where the whole official vote has not been sent or published, not to send us majorities, but the *whole official vote*. Judge Gilliam is elected over Hawkins by about 600 and Col. Rogers has beat ex Harris about 900.

BOMBASTES FURIOSO CLARKE, who commands Holden's negro melish, encamped at Baptist Grove, and who quelled the insurrection here on election day at such "imminent peril and hairbreadth 'scapes by flood and field," is the Radical Senator elect from Craven county. On this result, some incorrigible epigramatist has been guilty of indulging in doggerel, of which the following is given as a sample:

"A Roman emperor once, it is said,
Of his favorite horse a Senator made,
But a wonder far greater has now come to pass
We've made a grave Senator out of an ass."

FIRST ARRIVAL AT THE YARBOROUGH HOUSE.—Dr. G. W. Blacknall is fitting up this well known and popular house in superb style. Every part of the house and premises has been overhauled, renovated and repainted, and the rooms furnished with new carpets and furniture of the most superior quality. Marble-top bureaus and washstands; walnut steads with hair mattresses on patent springs, with other furniture to match, adorn the chambers, while the office, dining room, barber shop *etc.*, are all in keeping.

The first arrival under the new *regime*, was that of master JOHN TAYLOR BLACKNALL, two days ago, who will remain permanently at the house.

WATERMELONS.—This delightful vegetable is now coming into market in great abundance and are of excellent flavor this season. Mr. C. H. Weathers, opposite the Post Office, is a connoisseur in watermelons, and keeps them on hand at all times, and of the finest size and most delicious meat. It would make one's mouth water to look at the splendid lot he has on hand now.

FOUND.—On Fayetteville street between the residence of Dr. F. J. Haywood and the Raleigh National Bank, a plain gold ring, which the owner can have by applying at this office and proving the property.

THE RALEIGH NEWS CO.—There is a new enterprise just commenced in this city under the management of our young and enterprising friend, Mr. C. T. Wood, whose place of business is under the State National Bank, where he is prepared to supply the great demand now for periodicals, reading matter, which is nearly universal. In the year 1864, the importance of the news business was fully recognized all over the land. There were faults in its mode of working, however, and the public which always ask the utmost of its servants, sometimes expressed dissatisfaction. They intend to make the news business a special trade, there will be no break in papers as has often occurred heretofore. Customers will receive their papers promptly, and at the proper time.

ATTENTION!—Mechanics Fire Co. No. 2, you are hereby notified to attend a meeting on Thursday evening, Aug. 11th at 8½ o'clock, P. M. at Fireman's Hall, as business of importance will be transacted. By order of the Foreman,

J. B. JORDAN.

The Rads of Wilmington have postponed their intended Dockery torchlight procession until sometime in 1872.

☞A boat containing three colored men was swamped in Brunswick River on Saturday and two of the three occupants were drowned.

### Sound Logic for the Sick.

The invalid has often good reasons to exclaim, "save me from my friends." As a general thing, each of them will have a different medicine to propose, and if he follows all their prescriptions in turn, their well meant advice may be the death of him. The only sensible course in any case of sickness is to resort promptly to a specific which has stood the test of a long and widely extended public experience, and obtained on solid and sufficient grounds the reputation of a Standard Remedy. This rank among the restoratives of our day belongs of right, and beyond all dispute, to Hostetter's Stomach Bitters. Let those who are taking it at this debilitating season as an invigorant answer for themselves as to its tonic properties. Can any dyspeptic who has ever used it, question its superiority as a stomachic over every other medicine? Can any person of bilious habit, who has ever taken it for liver complaint doubt its efficiency? It is believed among the tens of thousands who are now using, or have heretofore used it as an alterative and corrective, not one can be found who would exchange it for any other preparation in the known world. For intermittent fevers, nervous debility, constipation sick stomach, and all complaints arising from indigestion or impoverishment of the blood, it is the only article which can be conscientiously guaranteed, and no one who is thoroughly acquainted with its virtues will allow interested dealers in worthless slops, on which they make a larger profit, to furnish them in the place of the great vegetable restorative.

*ELECTION NEWS.*

HERTFORD.

A correspondent at Murfreesboro' says, the Rads carried Hertford county by only 14 majority, which is a gain of over 200. Large numbers of negroes were imported into the county thirty days before the election, which prevented our success.

SURRY.

The official majorities in this county are, Leach 446, Shipp 450, Cowles 463, Hampton for House 465.

TYRRELL.

This county gives Judge Shipp 101 majority and returns Thomas J. Jarvis, to the Legislature. Our correspondent from Columbia says, "the whole force of the Radical party was concentrated to defeat Capt. Jarvis, and on this account his victory is the greater. The last two days have been days of glory with us."

MARTIN.

Shipp 1,116, Phillips 1,107; Senate, Latham, D., 1,120, Spruill, R. 1,102; House, Gregory, D., 1,116, Smith, R., 1,105. The Rads elect the County Treasurer and Register, the Democrats elect County Commissioners, the Rads one.

WASHINGTON.

Shipp 557, Phillips 798; Congress, Cobb, R., 812, Morgan, Ind. Rad., 393; Senate, Spruill, R., 781, Latham, D., 577; House, Guyther, R., 797, Swain, D., 576.

STOKES.

Shipp 989, Phillips 560, Leach, D., 1,009, Scott, R., 560; Senate, Adams, D., 868, Estes, R., 532; House, Mitchell, D., 1,024, Newsom, R., 502. All county officers Conservatives.

*SEND US THE RETURNS.*

We ask our friends in every county in the State to forward us, as soon as practicable, the full returns of the election in their respective counties, to enable us to complete our tabular statement of the vote. What we want is the *full vote*, not the mere majority, of Hon. W. M. Shipp and Mr. Phillips, for Attorney General, and the *full name* and political status of each Senator and member of the House of Representatives. This will enable us to complete our list of members and the tabular statement of the popular vote, with the gains of each county, for future reference.

*CIVIL CODE COMMISSIONS.*

Judges Pearson and Rodman of the Supreme Court, and Judge Tourgee of the Superior Court, in addition to their salaries as Judges are now receiving large compensation as Code Commissioners. The Commission is a humbug and a useless expenditure of money. The General Assembly will have intelligence and law knowledge enough to make the laws without the aid of an expensive Commission. Let the Code Commission be abolished as soon as possible.

THE POPULAR VOTE.—We have received the popular vote of 29 counties, most of them official and the rest professing to be taken from the official reports, which foot up, for Hon. W. M. Shipp 40,103, and for S. F. Phillips, Esq., 33,546, giving Shipp a majority of 6,557. These embrace some of the strongest Radical counties in the State, and we think the proportion will hold good throughout the State. If so, then Shipp's majority will be 20,000 with over three hundred to play on.

MOORE COUNTY.—We learn that the people of Moore County speak of Maj. Miller and his squad of Holden's troops, as having behaved well and with entire propriety, while in the County, and that the Major had nothing to do with transferring the Sheriffalty from Mr. Worthy to Mr. Barrett. For what purpose then did he go into Moore with an armed force upon the order of the Governor, when there was no disorder or riot in the County? Maj. Miller says, he does not know for what purpose he was sent.

From the New York Herald.

*THE NORTH CAROLINA ELECTION.*

The Old North State appears to have been too much reconstructed to answer radical ends. Governor Holden made a bold stroke to save the State to his party by raising the Ku Klux phantom and declaring several strongly democratic counties in a state of insurrection; but even these desperate measures proved futile, and North Carolina has gone democratic by ten thousand majority. Both branches of the Legislature are largely democratic, which secures the election of a democrat to the United States Senate in the place of Abbott, whose term expires with the present Congress. The radicals elect only two of the seven Congressmen. This crushing defeat of the republicans was most unexpected, as it was deemed certain before the election that they would carry at least four Congressional districts, and no fears were entertained concerning the Legislature. Unlooked for as was the result by the North Carolina republicans, still it is but the natural sequence of the maladministration of affairs in that State. The republicans placed too little consideration upon the white population, and sought almost exclusively the colored vote. At the South the white man is proverbially uncertain and "nigger is never sure," and the late election proves the North Carolina darkies are no exception to this rule. The white vote was fully cast and nearly solid for the democratic ticket, but the republicans appear to have been demoralized and failed to poll their entire vote. Governor Holden's administration is a decided failure; too much of the State legislation was for the benefit of a particular race, instead of the people; and in every department affairs had become so muddled that any change would be for the better. The republican party will do well to heed the lesson taught by the North Carolina election. Unless it speedily cuts loose from the narrow-minded, corrupt, fanatical leaders which have brought it to the verge of ruin other radical States will as unexpectedly wheel into the democratic line and that party again be in the ascendancy.

A BRILLIANT DISCOVERY.—Every man and woman in the land, whose locks have been touched with silver by time, or prematurely whitened, has reason to rejoice that PHALON'S VITALIA, OR SALVATION FOR THE HAIR, is numbered among the wonder-working products of this age of discovery. It is clear and free from sediment, while the shades of color it imparts are more natural than those produced by any other agent.

### Funeral Notice.

The funeral services of Mrs. SELBY will take place at the Presbyterian Church, to-morrow (Thursday) morning at 10 o'clock. The friends of the family and citizens generally are respectfully invited to attend.

### DIED,

In this City, at a quarter past one, this morning, MRS. ELIZA SELBY in the fifty-third year of her age, and after an illness of about two weeks. The language of funeral eulogy is so natural, and so much a matter of course, that when an eminently faithful and useful servant of God is taken away, the simplest and most inadequate tribute to the worth of the departed, is apt to be looked upon as partial or exaggerated.

From her youth, MRS. SELBY, had been an exemplary member of the Presbyterian Church, to which she was especially attached, though she felt herself one, with all who love our Lord Jesus Christ in sincerity. The greater part of her life had been spent in this City, and was a living image of the purest Christian virtue. All the relations which she sustained to her fellow citizens were nobly fulfilled, because her life was hid with Christ in God. By nature she was endowed with a judgment strong and clear; a temper, even and sweet; aff ctions, warm and constant, and all these were consecrated, moulded, and governed by the spirit of Christian faith and charity.

It may be truly said, that the death of no person of either sex or of any station, could have occasioned more sincere and profound grief. In her every one mourns the loss of a friend, for she was the friend of every one. Her active and selfsacrificing benevolence, was perhaps the principal charm and most distinctive trait of her noble and lovely character. She was always ready to serve all who had a claim upon her, who needed her service. In her death the Presbyterian Church and this whole community have sustained a loss which cannot easily be estimated, still less repaired. The loss to her husband and children, none can tell. Their only adequate consolation is found in the reflection, that while it is theirs to weep on earth, it is her's to rejoice in heaven.

J. M. A.

The N. C. Presbyterian will please copy.

On the 5th day of July, in Granville county, LAVINIA PERRY, the wife of Dr. W. W. Green. A pure, gentle, and amiable lady, the delight of her husband, the joy of her family, the centre of a wide circle of loving friends has been hurried into the grave by this visitation. An infant which knew a mother's hand but one week, is left behind.

In such a trial the only consolation her friends can have is in the recollection of her Christian graces, and the hope of meeting her in the region where sorrow and death are unknown.

## TELEGRAPHIC.

### Tuesday Night Dispatches.

WASHINGTON.

WASHINGTON, August 9.—Revenue to-day $318,-000.

The recent decision of the Revenue Department that vessels arriving in the waters of the United States cannot change their clearance papers is adhered to. This is in consequence of some vessels, cleared for New York, having changed their papers to New Jersey ports in order to avoid the quarantine regulations.

It can be positively stated that the President and Cabinet are very decided in the opinion that both law and sound public policy demand that an election should be held in Georgia this coming Fall. Among the strongest in this belief is the Attorney General, and the attempt to defeat an election is held by a majority of the Cabinet to be a gross outrage.

The following is a list of the vessels comprising the North Atlantic squadron: The "Nantucket" and "Swatara" at St. Domingo; the "Congress," "Dictator" and "Saugus" at Key West, and the severn at Hampton Roads.

The "Tuscorara" is engaged in conveying iron clads from New York to Key West and the "Yantic" is taking soundings.

FOREIGN.

LONDON, August 9.—The Paris correspondent of the Manchester *Examiner* telegraphs that Italy and Austria each sends 100,000 men to the aid of France.

The Empress Eugenie, according to the *Pall Mall Gazette*, is preparing for flight.

The army at Metz is still undergoing thorough organization.

The *Times* ascribes the French disaster to the Emperor's obstinacy in refusing sound military advice and to his dullness. The *Times* says, parties in France will make the Emperor pay the penalty of his ill success. His name is already ignored in the acts by which the regency seeks to rally the people. Things arrange themselves as if he was not expected to resume his power, as if testing how he may be dispensed with altogether. The only question is, who shall first utter the word "abdication."

Edmund ——— writes from the field, bitterly condemning the Emperor's course. He says, "having declared war he left the Prussians to begin it. It is true that neither party was ready, yet the French lost twenty days in marching and count rmarching. They were attacked at Weissenburg by the enemy when there was no videttes to watch, no skirmishers to meet and no plan to repel."

PARIS, August 9.—The Government calls upon all former officers, having served in the armies of France, to take their grades in regiments of volunteers or of the "Garde Mobile," which are to go to the front immediately. This request has been greeted enthusiastically and numbers are responding to the call.

Two councils of the Ministry to-day.

Gen. Changarnier left his residence this morning to go to seek a command at headquarters. Thousands of people accompanied him to the railway.

The *Le Volontarie* says, Gen. Changarnier, as soon as he heard of the affair of Weissenburg, telegraphed, asking for a command.

This morning's papers say nothing is certain concerning the course of Austria. Russia is keeping her quiet with promises just now.

The *Patrie* says, it was rumored that the Bourse would be closed to-day at noon.

There have been no disturbances. The authorities having been warned that the international workingmen would make a demonstration took precautions to prevent it which would have been effectual if any outbreak was really contemplated.

The journals here announce with warm approval that Italy is ready to send 100,000 armed men to the assistance of France.

LATER.—There has been no battle to-day.

The proclamation of the ministers is received with enthusiasm. The minister of Interior has taken measures to have dispatches and bulletines at the Bourse and Mayoralty houses. Measures will be taken at once for strengthening the fortifications of Paris.

METZ, August 8, P. M.—The army is concentrating to march to Rouges and defend its passages.

There has been no engagement to-day.

ROME, August 9.—The embarkation of the French troops which was contemplated yesterday was retarded by the storm. But for this the last of the troops would have gone several days since.

### Wednesday Evening Dispatches.

LOUISIANA.

NEW ORLEANS, August 10.—Mr. Digby's child has been recovered in good condition. It has been in the possession of a negress in the sixth district of this city.

FOREIGN.

LONDON, August 10.—A fleet of nine French iron clads passed Dover to-day. The *Times* thinks that Congress blundered by adjourning without legislation to resuscitate American merchant shipping now prostrate under the fatal tariff.

The citizens of Birmingham petition parliament to preserve neutrality.

Further violence is threatened against christians in China.

METZ, August 10.—Yesterday Gen. Changarnier was closeted with the Emperor and afterwards with artillery officers. The Emperor afterwards visited Bazaine at his headquarters. The Emperor replied to suggestions that he should return to Paris, that he would return "victorious or dead."

PARIS, August 10.—Ten thousand persons gathered at the Corps Legislatif when soldiers appeared, to whom the crowd shouted "to the front!" "to the front!" No disorder. No vivas for Napoleon. Troops are arranged around the Hall also a squadron of cavalry to whom the people continued to cry "to the front!" The cavalry broke into a trot along the streets and the crowds dispersed.

No action. Marshal Bazaine is making reconnoisances with the cavalry from Metz. The Prussian outposts fell back.

The bank of France has increased its rate of discount to six per cent.

The Corps Legislatif and its sitting is suspended. It is stated that Count Montaban has been called to form a new ministry.

BERLIN, August 10.—All rumors of naval battles are false.

CHOLERA.
HOW TO CURE IT.

At the commencement of the Diarrhoe, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhoea or cramps continue, repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma, cures in one night by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache, don't fail to try it. In short, it is a PAIN KILLER.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle.

The "Utley Cotton Press."

So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my agents Messrs. Mitchell, Allen & Co., Newbern.

THOS. H. BRIGGS.

Read Certificates below.

PITTSBORO', N. C., May 6th, 1870.

T. H. BRIGGS, Esq.: Dear Sir:—I used the "Utley Cotton Press," I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina. Yours truly, C. W. BYNUM.

FRANKLINTON, N. C., April 16th, 1870.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand and in reply I would say that I have tried other Presses and consider the *plan upon which the Utley Press works* cheaper, simpler and more durable than any I have met with.

Yours very respectfully,
JAS. R. WILDER.

RIVER LAWN, CUMBERLAND CO., N. C., April 22nd, 1870.

THOS. H. BRIGGS, Esq: Dear Sir:—In reply to yours of the 13 h asking how I was pleased with the Utley Press I used last season, I would say *that it gave entire satisfaction*.

Respectfully yours, CHAS. H. BLOCKER.

HILLSBORO', N. C., April 22nd, 1870.

THOS. H. BRIGGS, Esq., Raleigh, N. C.: Sir:—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.

Respectfully, R. H. FOGUE.

BALVIOR, N. C., June 18th, 1870.

T. H. BRIGGS, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds.

Yours truly, W. T. HOWLE.

The Equitable
LIFE ASSURANCE SOCIETY
OF THE
UNITED STATES
93 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE N. C.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THAT ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

*One hundred Dollars* paid in dividends, at the end of one year, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

*For Restoring to Gray Hair its Original Color.*

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

BANKER CIGARS.

PUFF OF SATISFACTION.—Nothing is more grateful than the solace of a good-flavored and free-smoking cigar. Such are Mehegan's Bankers, the best cigars for their price in the country. They have become so universally popular in North Carolina, in Raleigh particularly, that all the inveterate smokers are breaking their pipes.

We honestly think two boxes of Mehegan's Bankers might be induced to influence even Grant to compassion in regard to the suffering Cubans.

We recommend the Bankers, and know whereof we affirm, for as we write we are consoled with the proud satisfaction of puffing one, and enjoy it hugely.—*Norfolk Journal.*

NON-EXPLOSIVE COMBINATION
BURNING FLUID
THE CHEAPEST, BEST AND SAFEST
ILLUMINATING AGENT IN
THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

**No accidents have ever happened with it.**

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

**A. BALDING'S**

PATENT GLASS SUBMERGED
DOUBLE-ACTING FORCE PUMP.
SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 80 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 30 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases.

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

HO! FOR THE ATLANTIC SHORE.

The sea, the sea, the open sea—
The blue, the fresh, the ever free!

Beaufort Harbor and the Atlantic Ocean!

THE FINEST BATHING, BOATING AND FISHING IN THE WORLD!

**THE MACON HOUSE,**
Morehead City, N. C.

MESSRS. PEPPER & O'CONNOR, OF RALEIGH, N. C., have leased these well-known premises, which are now undergoing thorough repairs and painting, and beg respectfully to announce that the place will be

OPEN FOR THE SUMMER SEASON
ON OR ABOUT
June 1st, 1870.

The premises will be under the sole, immediate control of Mr. W. R PEPPER, well and favorably known to the frequenters of all the most celebrated summer resorts of this State and Eastern Virginia. His reputation as a caterer will be received as a sure guarantee of the manner in which the MACON HOUSE will be conducted. Everything conducive to the comfort and convenience of visitors will be supplied.

*New Bathing Houses.*
*Boats for Fishing and Excursion Parties,*
*Fishing Tackle and Bait,*
*A Cotillion Band*
*&c., &c., &c.*

Nature made Beaufort Harbor second to no surf and deep-water bathing place in the world. It will be the aim of Messrs Pepper & O'Connor to establish this truth. Visitors may rely upon an earnest, honest effort to make their stay pleasant and agreeable.

Arrangements are being made with the Presidents of the several Railroads of the State with a view to

WEEKLY EXCURSION TRAINS

at greatly reduced fares. Bathing and Excursion parties for the Banks will be organized and conducted by skilful boatmen and experienced fishermen; also, parties for the celebrated Pony Pennings on the Banks.

Due notice will be given of the Opening Day and Opening Ball.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

—0—

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.
